Included in the attachments you will find

- a draft Meeting Agenda
- a poster for the upcoming Sat. October 23. Lake Links workshop
- a table that Eric Boysen (Newleaf Forest Services & Bennett and Fagan Lake) has developed to incorporate all the information provided to him by representatives from many of the local lake associations updated to September 5, 2021 in which Eric has collated the information about the 2020/2021 LDD/ Gypsy Moth infestation that was provided by many of the local lake associations.

Meeting Outline

Included on the agenda will be

- Updates from RVCA, MVCA, CRCA and Watersheds Canada.

- A presentation by Eric Boysen which will provide an overview of the 2021 LDD/ Gypsy Moth infestation as well as comments from Eric about the potential LDD/ Gypsy Moth situation next spring
- A number of the local lake associations have sought information from neighbouring lake associations as they tried to develop new programs to meet concerns of their lake communities and there will be an opportunity to highlight some of those undertakings
- Greg Ellis (our Lake Networking Group liaison with the local OPP) will provide an update on the potential for a Fall 2021 Lake Associations/OPP meeting
- More information about the exciting line-up for the (virtual) 20th Annual Lake Links workshop
- A strong focus for the Fall Lake Networking Group meeting will be to provide an opportunity for local lake associations to share what has been happening on their lake and in their lake community since our Spring Meeting. **Lake Association Representatives, please be prepared to provide both a verbal update during the meeting on your lake association's activities over the summer and also please email me a written report which we will incorporate into a Fall 2021 LNG Report which will be distributed to all on the Lake Networking Group distribution List**
- I'm looking forward to seeing many of you on Zoom on Friday, September 24th

Best regards,
Karen
