

Tay River Trash Clean-up Program

Friends of the Tay member, and ardent paddler, Gary Waterfield (back) describes the association's Tay River trash clean-up program to Judy Brown, Perth Deputy Mayor, and John McNeil, river-side resident.

Last year, association members carried out cleanup activities on the Tay River between Glen Tay and Last Duel Park. Environmental Award Winner for Contribution to the Tay Watershed, Leah Craig is shown below with some of the trash she removed from the Tay.
